Regarding: Chris Steffen

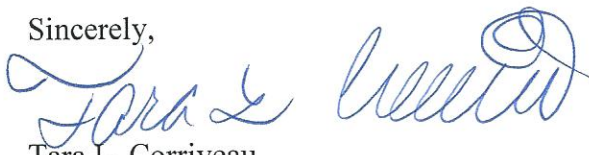

Dear BNI All\$stars,

I wanted to share with you the exceptional service Chris Steffen provided to me. My personal health insurance was up for renewal with my company. Of course the rates were going up, and the policies harder for me to understand. I emailed Chris all of the information of what I currently have, and the proposed options for me to choose from. Not only did Chris help me select the right plan for me he did within hours of me sending him the information. He also was kind enough to take time to shop individual policies for myself to see if there was any way that could provide me better benefits and/or save me any money as the cost of health insurance is ever increasing.

I have to say I am relieved, and grateful to know the integrity, and care Chris provides to his clients. I was very impressed with his honesty, and he wants to do what is right for the customer.

Please never hesitate to refer family, friends, co-workers, etc... to Chris because you never know how he may be able to assist whether it is to offer some advice or possibly to locate a plan that could best suit their needs and financial situation.

Sincerely,

Tara L. Corriveau
